SHEET ATTACHED WITH ADDITIONAL CONTRACTORS

This application must be signed by the Owner of the property or his/her duly authorized agent. UNDER PENALTIES OF INTENTIONAL MISREPRESENTATION AND/ OR PERJURY, I declare that I have examined and/or made this application and it is true and correct to the best of my knowledge and belief. I agree to construct such improvements in compliance with all regulation of applicable codes of the Village of Glendale Heights. Issuance of the permit herein applied for and approval of all supporting plans and documents in connection therewith shall not be construed to permit any construction on said premises or use thereof in violation of any applicable codes or regulations of the Village of Glendale Heights or to excuse the owner of his/her successors in title from complying therewith. Applicant further agrees to pay the cost incurred by the Village for review of all supporting plans and documents by the Administrative Staff, Village Engineer, Village Attorney, and any outside consultants as may be required to fulfill the provisions of Village Ordinances. This permit may be revoked at any time upon determination that a violation exists.

Permit Checklist

- Completed permit application
- A plat of survey showing the proposed location of the driveway work and all dimensions of the new driveway.
- Drawing showing depth and type of materials used
- A letter of approval from home owner association, if applicable.
- Name and address of **licensed** and **bonded** contractor constructing the driveway.
- Call J.U.L.I.E. 1-800-892-0123 prior to any excavation.
- If any work is being done in the right-of-way (public sidewalk or driveway apron), a restoration bond of \$100 is required in addition to the permit fee.

Please allow a **minimum** of ten (10) working days for permit review.

Inspections

Driveways require two inspections 1) a pre-pour inspection to check grade, depth of gravel and placement of forms or string line 2) a final inspection to assure work was completed as approved during the plan review process. **An appointment for each inspection must be scheduled by calling the Community Development Department at (630) 260-6030.**

Mission Statement

The Glendale Heights Department of Community Development strives to provide professional assistance in planning, development and construction by adopting and enforcing current codes and standards in a uniform and unbiased manner, in order to establish and maintain a safe, healthy and attractive community for all residents and business owners.

This brochure contains general information and is not to be used for interpretation of actual village codes. The drawings used in this brochure are intended to aid in the understanding of the zoning ordinance. They are for illustrative purposes only and are not intended to be used for interpretation of actual zoning regulations. Please contact the Department of Community Development during regular business hours regarding specific questions.

A PROUD & PROGRESSIVE
VILLAGE FOR ALL PEOPLE

Revised: 09/2020

Building Permits & Application Requirements

Construction, reconstruction, and additions to existing driveways require the submission of the following documents and must be obtained prior to the start of construction. To apply for a building permit, please bring these documents to the Department of Community Development.

1. Completed building permit application.
2. A plat of survey showing the proposed location of the driveway work, grades, and distance to all lot lines, easements, buildings, and accessory structures.
3. Material specifications.
4. Name and address of the paving contractor. Contractors are required to be licensed and bonded with the Village of Glendale Heights prior to any permits being issued.
5. If you reside in a development governed by a homeowner association, you are required to obtain a letter of approval from the association.
6. If any work is being done in the right-of-way, a restoration bond may be required in addition to the permit fee.

General Regulations

1. No lot shall have more than one driveway entrance
2. Driveways shall not exceed 24 feet in width measured at the property line.
3. Alterations to the curb are not permitted without approval from the Public Work Department.

4. All driveways are to be of an impervious material such as asphalt or concrete
5. If asphalt is chosen, a minimum of 6 inches of stone and 2 inches of asphalt is required. The approach shall require 3 inches of bituminous material 6 inches of compacted gravel.
6. If concrete is poured, a minimum of 4 inches of stone and 4 inches of concrete is required. The approach requires 4 inches of stone base and 6 inches of concrete, with no wire mesh. Expansion joints are required between any new and existing concrete.
7. A driveway shall not be located in front of any part of the dwelling unit, except where the garage is perpendicular to the driveway. (Example 'A')
8. No attached garage may be converted to living space, unless the driveway is relocated to the side yard and leads to a detached garage. (Example 'B')
9. All chimneys and utility equipment must be protected for vehicle impact, with 4 inch post no less than 36" in height. Posts are to be set in a minimum of 24 inches of concrete. Pipes must be filled with concrete.
10. Driveways are not permitted to extend past the rear of the house except to connect to a detached garage. (Example 'B')
11. Approaches located at roll type curb require a 30 inch flare. Approaches located at "B6-12" curb require a 36 inch flare.
12. Driveways shall have a minimum slope of 2% and a maximum slope of 8%
13. Approach shall have a slope not greater than 10%.

EXAMPLE A

EXAMPLE B

Driveway width shall match apron width at Public sidewalk. Driveways wider than the apron shall taper down at a 45-degree angle.
