# Letter from the Village President

300 Civic Center Plaza • Glendale Heights, IL 60139

630.909.5303 • [ljackson@glendaleheights.org](mailto:ljackson@glendaleheights.org)

Dear Residents,

As summer wraps up and children are getting ready to go back to school, I want to take a moment and thank everyone in the community for making it such a fun and eventful season. I relished in seeing so many of you at our numerous community events like our Neighborhood Park Parties and National Night Out. We had a tremendous Glendale Heights Fest, with some of our best crowds ever for our fireworks shows.

Several more family events are planned this fall! Authentic German Chef Wolfgang of Schnitzel Platz Restaurant located in Glendale Heights on North Avenue is sponsoring Oktoberfest at Camera Park the week of September 12 - 21, with live bands and entertainment for all age groups. The Show & Shine Car Show & Swap Meet will be returning on Sunday, September 14 at Camera Park and is free for residents to check out the different divisions of classic cars. The annual Family Health and Safety Fair will be on Wednesday, October 1 at the Sports Hub and will once again feature a Teddy Bear Clinic, child ID cards and the Adventist GlenOaks Pink Zone for Women's Health. Free health screenings and flu shots will also be available at the Family Health and Safety Fair. To round out the month of October, we invite everyone to come out to Safety Town to trick-or-treat in a safe and family friendly environment on Halloween evening. We will also be featuring a brand new event for children ages 10 to 14 called "Hallow-Tween" held at the Sports Hub on Halloween night. Also, please join myself, the Village Board of Trustees, Glendale Heights Police Department personnel and Fire Protection Districts on the front plaza of the Civic Center at 7:15 pm as we remember the thirteenth anniversary of September 11th; a day we will never forget...

I would like to acknowledge the Glendale Heights Police Department for once again being awarded the CALEA Accreditation for the third time. The process for the Glendale Heights Police Department to become accredited through CALEA involved an extensive internal and external evaluation based on policing standards set by an impartial and extremely knowledgeable group of law enforcement professionals. The CALEA Accreditation ultimately assures that the Glendale Heights Police Department's policies, procedures and trainings stay true to internationally recognized best practices in policing. I am very proud of our Police Department for all of their hard work and dedication to maintaining a high level of excellence.

As we begin preparing for the next fiscal year's budget, both my office and the Village Board of Trustees are working hard to ensure that Glendale Heights continues to provide you the best services we can. In addition to continuing to hold intergovernmental meetings with key leaders in our area, we are also interested in hearing from you. If you have any questions, comments or concerns, please do not hesitate to contact me during regular office hours at 630.909.5303 or send me an email at [ljackson@glendaleheights.org](mailto:ljackson@glendaleheights.org). I also invite you for coffee at the Center for Senior Citizens with myself and the Village Board of Trustees on the first Saturday of each month.

Sincerely,

Linda Jackson, Village President

## Fleets Division Update

As the police fleet ages, the Village is replacing squads with modern, fuel efficient vehicles in an effort to be more fiscally responsible as well as lessen the carbon footprint.

Fleets Division is also preparing new equipment. Streets Division has acquired a new asphalt roller as well as a new end loader, replacing existing units which were in need of replacement.

## Fire Hydrant Flushing

The Utilities Division will begin their fire hydrant flushing program in the early fall season. Customarily this has been undertaken in the spring and early summer months. Flushing in the fall season shall reduce the peak daily flows as the summer months demand higher volumes of water use due to lawn irrigation and other outdoor activities.

The Utilities Division is dedicated to providing the highest quality potable water as well as conserving this precious natural resource. The annual flushing of the water distribution system will remove stagnant water that is trapped within the water distribution system at various locations such as dead ends, cul-de-sacs and areas of the Village that do not have a high water usage.

If you should have any questions regarding the flushing program or when you can expect the fire hydrants in your neighborhood to be flushed, please contact the Public Works Facility.

## In-House Street Sweeping

The In-House Street Sweeping program will be effective on a weekly basis for all Sweeping Zones starting Wednesday, October 1st through the month of November, weather permitting. The Village street sweeper will be aided by contracted supplemental sweepers to complete all zones each week.

There are color coded "No-Parking" signs erected in each zone to indicate the day that the parking restrictions are in effect. Please assist the Village in these operations and remove all vehicles from the roadway on the Sweeping Zones designated day of

the week between the hours of 8:00 am and 4:00 pm. This will aid the Village in sweeping efficiently each of the zones.

You may contact the Street Division at 630.260.6040 for any questions or concerns related to the services that the Street Division provides, or visit [www.glendaleheights.org/PublicService/streetdivision.html](http://www.glendaleheights.org/PublicService/streetdivision.html).

Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose.

Bullying is the most common form of violence in schools (verbal and physical) with one incident of bullying happening every seven minutes. It is estimated that 160,000 children miss school everyday due to the fear of attack or intimidation by other students.

Bullying can affect everyone—those who are bullied, those who bully, and those who witness bullying. Bullying is linked to many negative outcomes including impacts on mental health, substance use, and suicide. It is important to talk to kids about bullying

# School is Back in Session!

Remember that school is back in session. It is critical that we remain extra cautious and alert for children while driving through the community. This is also a perfect opportunity to review safety awareness with your children.

## **DRIVERS:**

**SLOW DOWN!!!** Be **EXTRA ALERT** around parked cars, school crossings, anywhere children are present. **USE CAUTION** near bus stops. It is unlawful for a driver to pass a school bus that has stopped to load or unload children when its stop signal arm is extended. The driver is required to stop his or her vehicle before passing the school bus from either direction. An exception is when the driver is on a highway with four or more lanes with at least two lanes of traffic in either direction. If the driver is going in the opposite direction of the bus, they do not have to stop.

## **PARENTS:**

Know your child's route to and from school, who they walk with and where they live. Review pedestrian rules and the importance of wearing a helmet when biking or skating with your children. Discuss "home alone" rules, what to do in an emergency and "stranger danger" in an age appropriate manner to ALL age groups!

## **STUDENTS:**

Keep your regular routes to and from school, never walk alone, and always follow traffic signals and crossing guards. Cross streets where Crossing Guards are present when possible. Always use crosswalks, never walk between cars, and ALWAYS wear a helmet when biking or skating. Follow your parents "home alone" and after-school rules, know what to do in an emergency, and remember "stranger danger" guidelines apply to ALL AGES!

Buckle Up! Every Trip, Every Time!

Drive Now. Text Later. You can't do both!

Cell phone use while driving is illegal unless using a "handsfree" device.

## Safety Town Halloween

Make sure to pass through the Safety Town Schoolhouse for a spooky trick!

Children should bring a container or bag to collect candy. Only children under the age of 16 will be allowed to collect candy.

The police department will accept candy or monetary donations for this event, which may be dropped off at the police department any time before Halloween. Should you have any questions, please call Community Outreach Specialist Tanya Macko at 630.909.5459.

## Refuse/Recycling Holiday Collections

Due to the Labor Day holiday, there will be a one-day service delay for the collection of waste and recycling, in accordance with regular collection schedules.

Thursday Route (both sides of Bloomingdale Road and all streets west of Bloomingdale Road) will be collected on Friday, September 5.

Friday Route (all streets east of Bloomingdale Road) will be collected on Saturday, September 6.

For service related questions, please call Republic Services at 847.981.0091.

## In Memoriam

It is with great sadness and a heavy heart that the Bloomingdale Fire Protection District announces the passing of retired Fire Chief Michael McNamara and Administrative Assistant Julie Koehn.

Chief McNamara served the District for over 27 years working his way through the ranks from firefighter and paramedic, to Chief of the District.

Julie Koehn started with the District in 1981 and held the positions of dispatcher and secretary before becoming the Administrative Assistant.

Both Chief Michael McNamara and Julie Koehn will be dearly missed.

## Fire Prevention Week October 5 - 11

This year National Fire Prevention Week runs from October 5th through the 11th. For the Glenside Fire District, the entire month of October is dedicated to public fire prevention awareness in our community. Throughout October, Glenside Firefighters will be visiting schools, hosting station tours and meeting with community and civic groups to promote fire safety. If you would like to make an appointment for a fire station tour or have firefighters visit your civic group or organization, please call the Fire District at 630.668.5323 or visit our website at [www.glensidefire.org](http://www.glensidefire.org).

**What is carbon monoxide?** Carbon monoxide, or CO, is an odorless, colorless gas that can cause sudden illness or death.

**What are the symptoms of CO poisoning?** The most common symptoms of CO poisoning are headache, dizziness, weakness, nausea, vomiting, chest pain and confusion. High levels of CO inhalation can cause loss of consciousness and death. Unless suspected, CO poisoning can be difficult to diagnose because the symptoms mimic other illnesses. People who are sleeping or intoxicated can die from CO poisoning before ever experiencing symptoms.

**How can you prevent CO poisoning?** Have your heating system, water heater and any other gas, oil or coal burning appliances serviced by a qualified technician every year. Install a battery-operated or battery back-up CO detector in your home and check or replace the battery when you change the time on your clocks each spring and fall. If you believe there is CO poisoning in your home, dial 9-1-1 for ALL CO detector activations – do not contact the fire district! The 9-1-1 dispatcher will route your emergency!

For more information on CO in your home, please visit [www.epa.gov/iaq/co.html](http://www.epa.gov/iaq/co.html).
