# Letter from the Village President

300 Civic Center Plaza • Glendale Heights, IL 60139

630.909.5303 • [ljackson@glendaleheights.org](mailto:ljackson@glendaleheights.org)

Dear Residents,

As summer wraps up and children are back in school, I want to thank everyone for a wonderful season full of events, programs and most importantly, memories that we will share for a lifetime. This summer was a great season for staying in touch with all of our residents but also welcoming in so many newcomers into our community.

Although the summer months are in our past, this doesn't mean the time to celebrate will be over. Fall is packed with events all season long as we welcome in the brisk fall air! September reminds us to mark the calendar for Oktoberfest with 11 days of authentic German festivities from September 14-24. Chef Wolfgang of Schnitzel Platz Restaurant along with his great chefs will be cooking up delicious German fare! We are also getting our engines ready for the 35th Annual Show & Shine Car Show and

Swap Meet on Sunday, September 17th. Finally, to round out the month of September, join us for Harvest Fest and the annual Fishing Derby on Saturday, September 30th.

I would like to invite all of you to join us as we remember Patriot Day on Monday, September 11. We all remember where we were on that day, and we should never forget those who were affected by this tragedy. This was a day that brought us together as a nation, and I would like to see all of you there as we come together as a Village and mourn those we lost on Patriot Day.

October will start off with the annual Family Health and Safety Fair on Wednesday, October 4th where you can visit the ever-popular teddy bear clinic or get complimentary health screenings thanks to AMITA Health Adventist Medical Center, GlenOaks, along with many other activities and programs. We will round out the month with our "Spooktacular" Halloween events with Hallow-Tween on Friday, October 27th and a safe and family friend alternative for trick-or-treating at our very popular Safety Town Halloween!

The Glendale Heights Center for Senior Citizens celebrated their 7th year anniversary in August and will continue the celebration with National Senior Center month in September with lots of fun activities! The theme for National Senior Center Month is your ability to Empower, Enlighten, Engage and Enrich, and will feature special events and activities to celebrate our members. To cap off National Senior Center Month, there will be a special Senior Days Ice Cream Social! Membership to the Center is free if you are a resident of Glendale Heights and 60 years or better.

If you have any questions, comments or concerns, please do not hesitate to contact me during regular office hours at 630.909.5303 or send me an email at [ljackson@glendaleheights.org](mailto:ljackson@glendaleheights.org). I also invite you for coffee at the Center for Senior Citizens with myself and the Village Board of Trustees on the first Saturday of each month. We are always here to serve you and make sure the community strives for a better tomorrow! Enjoy the fall season and I look forward to seeing you soon!

Sincerely,

Linda Jackson  
Village President

## North Ave. Flood Alleviation Project Nears Completion

The Village is proud to announce that the construction of the Village's North Avenue Flood Alleviation Project is nearly complete through the assistance of Christopher B. Burke Engineering, along with support from permitting agencies, cooperation of business owners and nearby residents. The project consisted of construction of two new detention ponds near the intersection of Highland Avenue and 2nd Place, dredging and beautification of the James Court pond and installation of additional storm water capacity at the entrance to the Glendale Square Shopping Plaza.

This project began in 2011 when a Preliminary Engineering Report was prepared to improve storm water drainage in these areas due to severe flooding. The Village applied for and received federal funds through a Hazard Mitigation Grant Program (HMGP) administered by the Federal Emergency Management Agency (FEMA). The Village received just under \$1.4 million federal dollars to pay for project costs. In addition, the DuPage County Community Development Block Grant program contributed \$400,000 to cover a majority of the Village's financial share of the project. The Village's pursuit of grant funds to assist with implementation of this project has significantly reduced the financial burden on its residents and taxpayers. Thank you to all of those who contributed to this important Village project.

## Winter Prep on Your Vehicle

Beginning in September, the division will be preparing vehicles and equipment for snow removal operations. By the end of October, the division will start the seasonal decommissioning and storage of the equipment used solely during the spring and summer season. As the village prepares for the impending winter season, we would like to remind you to start preparing your own vehicles for winter as well.

## In-House Street Sweeping

The In-House Street Sweeping program begins on a weekly basis for all Sweeping Zones starting Monday, October 2<sup>nd</sup> through the month of November, weather permitting. The Village street sweeper will be aided by supplemental contracted sweepers to complete all zones each week. There are color coded "No-Parking" signs in each zone to indicate the day that the parking restrictions are in effect. Please remove all vehicles from the roadway on the Sweeping Zones designated day of the week between the hours of 8:00 am and 4:00 pm. This will aid the Village in efficiently street sweeping each of the zones. For more information on the Street Sweeping program, please visit [www.glendaleheights.org](http://www.glendaleheights.org).

## Fire Hydrant Flushing

The Utilities Division will begin their fire hydrant flushing program in October. Customarily this has been undertaken in the spring and early summer months. Flushing in the fall season reduces the peak daily flows as the summer months demand higher volumes of water use due to lawn irrigation and other outdoor activities. The Utilities Division is dedicated to providing the highest quality potable water as well as conserving this precious natural resource. The annual flushing of the water distribution system may remove stagnant water that is trapped within the water distribution system at various locations such as dead ends, cul-de-sacs and areas of the Village that do not have a high water usage. In addition to flushing the fire hydrants, Utilities staff also perform a thorough inspection of each fire hydrant. Any operations or maintenance issues noted are logged in a data base and corrected in a timely manner. This annual maintenance program ensures proper operating fire hydrants in times of emergencies.

## Improvements to the Water Pollution Control Facility

The Water Pollution Control Facility (WPCF) has two different sets of Clarifiers - Primary and Secondary. The Primary Clarifiers are used to remove floating and settleable solids, while the Secondary Clarifiers are used to separate clear water from the solids.

In 2016 and 2017, WPCF staff designed and replaced all the weirs and plates on both the North and South Secondary Clarifier's. The weirs control the flow and measure the discharge of the water. This Fall, the WPCF will begin the final stage of rehabilitation by replacing the baffles on both of the tanks. The project will begin in September of this year. Because this work was performed in-house, the Village had a significant cost savings.

# Character Counts! Red Ribbon Week!

October 15 through 21 is CHARACTER COUNTS!  
and Red Ribbon Week

One of the greatest building blocks of character is citizen service. The future belongs to those who have the strength of character to live a life of service to others. Celebrate your good character throughout the year, and especially during CHARACTER COUNTS! Week.

Red Ribbon Week is the celebration of a drug free life. ## HALLOWEEN SAFETY

Halloween is one of the most anticipated nights of the year for kids, but Safe Kids recently discovered some scary statistics with a first-of-its kind study on Halloween safety.

Only **1/3 OF PARENTS** talk to their kids annually about Halloween, although 3/4 report having Halloween safety fears.

On average, **TWICE AS MANY CHILD PEDESTRIANS** are killed while walking on Halloween compared to other days of the year.

Only **18%** of parents use reflective tape on their children's Halloween costumes.

**12%**

of children five years of age or younger are permitted to trick-or-treat alone.

Talk with your goblins about Halloween safety, and how simple precautions can make it a fun and safe night for kids of all ages. For additional safety tips, please visit [SafeKids.org/Halloween](http://SafeKids.org/Halloween)

Children under 12 should trick-or-treat and **CROSS STREETS WITH AN ADULT**

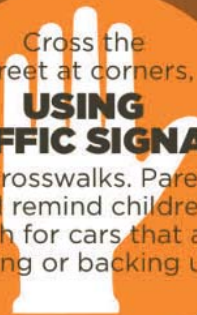

**ALWAYS WALK ON SIDEWALKS OR PATHS**

if there are no sidewalks, walk facing traffic as far to the side as possible.

Cross the street at corners, **USING TRAFFIC SIGNALS**

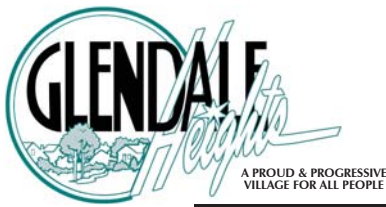

and crosswalks. Parents should remind children to watch for cars that are turning or backing up.

**DRIVERS SHOULD SLOW DOWN**

and be especially alert in residential neighborhoods. Children are excited on Halloween and may move in unpredictable ways.
