# Letter from the Village President

300 Civic Center Plaza • Glendale Heights, IL 60139

630.909.5302 • [ljackson@glendaleheights.org](mailto:ljackson@glendaleheights.org)

Dear Residents,

Happy New Year! I want to take a moment to thank my fellow Village Board Members and appointed Executive Staff Members for their time, effort and commitment to continue to be fiscally responsible and ensure that Glendale Heights remains a thriving community. We are a great team, rich in experience, talent, and commitment to working together to accomplish our goals. None of us could have accomplished our goals without the dedication of our Village employees, and our citizen volunteers who serve on committees, commissions and work at our many special events throughout the year.

The Village undertook a comprehensive master plan that included extensive resident feedback urging the Village Board to invest in creating a sense of place for residents on the Civic Center Campus property, located in the center of our community. The opening of our new police facility and the re-opening of the renovated Sports Hub this past year marks the completion of the Civic Center Campus improvements that started back in 2009. The Civic Center Campus Project certainly tested the community's patience and fortitude as each building and outdoor space was developed with the goal of creating a central public space for all ages that promotes health, happiness, and well-being. Glendale Heights' motto of "A Proud and Progressive Village for All People" is prominently displayed as you walk up to the central plaza, and is a pleasant reminder of the stand our hard-working, diverse community takes on being welcoming to all.

As we begin 2014, I would like to remind residents that the newly renovated Sports Hub is now fully operational. Act fast and take advantage of a 20% off discount on annual fitness memberships at the Sports Hub. This offer is available until February 15th, and also includes free use of the racquetball court and 50% off any group fitness class.

Every February, the Village celebrates National Salute to Hospitalized Veterans Month. The Village honors hospitalized Veterans by conducting collections of beautifully decorated Valentine's Day cards from our community, and sends the cards to Veterans in local area Veteran Medical Centers. The response is always overwhelming! Last year, the Village received thousands of beautifully written and decorated Valentines, and I'm confident we will do the same this year. This small gesture will bring much happiness to these individuals, who as our heroes, deserve to be remembered.

Stay informed throughout the year on Village news and events by reading the Glendale Heights Newsletter, visiting the Village website at [www.glendaleheights.org](http://www.glendaleheights.org), by watching GHTV (channel 6 for W.O.W. and Comcast, channel 99 for AT&T), and by following us on Twitter @VOGHNews.

The Village Board of Trustees and I look forward to seeing you and your families at our community events that are scheduled throughout the year. We are always interested in hearing your feedback. Please feel free to contact us at anytime by calling my office at 630.909.5303, or by joining us at "Coffee with the Mayor and Village Board" on the first Saturday of each month from 10:00 am - noon at the Center for Senior Citizens.

Wishing you and your family a healthy and prosperous new year!

Sincerely,

Linda Jackson, Village President

## Christmas Sharing Thanks You

The Village of Glendale Heights would like to thank employees, residents, organizations and businesses for their generous support of the 2013 Christmas Sharing Program. Over one hundred families and 500 individuals were provided with grocery store gift certificates, food and holiday gifts.

The Christmas Sharing Committee acknowledges that the continued success of this program would not have been possible without the help of the Village businesses, Village employees, scout troops, volunteers and the financial contributions received from the community.

Glenside Middle School, Glen Hill Elementary School, Pheasant Ridge Elementary School, Americana School, Reskin School, Blackhawk School, Marquardt Middle School, G. Stanley Hall School students and the Glenside Public Library District teamed up for a non-perishable food and household item drive. District 16 primary and middle schools collected coins for Christmas Sharing. St. Matthew's Religious Education and Brownie Troop 41292 offered time to sort, divide and package the items in boxes which were donated by local area businesses. For more information about the Christmas Sharing Program, you may call Debbie McKenzie at 630.260.6050.

## Water Meter Maintenance

As your water meter equipment ages, the battery inside your water meter reading device that transmits the water usage reading may need replacing. When the battery fails, the Village will be unable to obtain an actual reading from your water meter. This will require the Village to provide you with an estimated water bill.

When the Village identifies they can no longer obtain an actual reading from your water meter reading device you will be sent a letter requesting that you schedule an appointment to have a Village Water Department Customer Service Representative diagnose any issue with the reading device, water meter or reading device battery.

To avoid an inaccurate estimated water bill, we ask all customers who receive a water meter service request letter to contact the Village to schedule your water meter service appointment at 630-260-6010.

## Your Water and Sewer Systems During Winter

As the winter months approach it becomes important to remember to protect water and sewer systems that service the inside of your business or residence.

Freezing water pipes or drain pipes in a building are more than an inconvenience. Often the frozen pipes burst, risking serious water damage and even toxic mold growth in a building. Frozen pipes will later thaw and leak into the structure. The most extreme water and mold damage in buildings where pipes burst occurs in unoccupied structures whose conditions are not being monitored, such as a house for sale, vacancy or weekend home. Other freezing weather damage besides floods from frozen pipes can include cracked plaster in older homes or cracked and dislocated wood flooring.

Decide if you want or need a professional to winterize your building and/or monitor it during the time period it will be vacated. In some locales, companies offer a winterized building protection service that ranges from weekly or even daily visits. They will check on a property when there is an emergency response to a no-heat call or water-entry call made automatically by a home security system. If power outages are common in the area, a battery-backup for alarms and sump pumps would be a smart addition to the building.

These suggestions can help reduce the risk of severe damage to your property, saving hundreds if not thousands of dollars in repairs. If you experience frozen or burst plumbing within your home or business, please call the Utility Division as soon as possible at 630.260.6040. For any questions or concerns related to the services that Public Works provides, please visit our website at [www.glendaleheights.org/Public\\_Works](http://www.glendaleheights.org/Public_Works).

## Holiday Lights Recycling

Residents are reminded that the Village of Glendale Heights is collecting broken lights through April at the Public Works Garage located at 1635 Glen Ellyn Road weekdays from 7:30 am to 3:00 pm.

Lights accepted for recycling include all colors and lengths of mini-lights (or Italian lights), C7 lights, C9 lights, rope lights, LED lights, extension cords, etc.

Per Village Code, outside Christmas decorations may be displayed until April 1.

## Snow Removal

The snow season is approaching quickly and the Public Works Department's snow and ice control vehicles are prepped with snow removal equipment for the winter season.

Please remember that the Village has parking restrictions during winter snow events. You may not park your vehicle on any Village street within 24 hours after a snowfall of 1 inch or greater on any designated snow route. Additionally, there is no parking on any Village street after a snow fall of greater than 2 inches.

**Additionally, it is unlawful for any person, firm, corporation or institution, other than authorized village personnel, to plow, place, or cause to be placed, deposit or cause to be deposited, any snow or ice upon any public street or portion of any public street in the village.**

For any concerns or questions regarding snow removal operations, please call the Village of Glendale Heights Snow Command at 630.260.6068.

The Village of Glendale Heights collected over 50,000 pounds of e-waste in 2013 and well over 200,000 pounds since the program began in November 2010.

## Preparing Your Vehicle for Winter

Before traveling this season, give your cars a winter preparedness exam:

- Check antifreeze
- Check and replace older batteries
- Keep the gas tank near full to avoid freezing water in the fuel line
- Check all tires for proper inflation
- Make sure vehicles have the following emergency supplies:

- ☐ Ice scraper
- ☐ Jumper cables
- ☐ Small shovel
- ☐ Flares or reflective triangle to warn others if you break down
- ☐ Blanket
- ☐ Flashlight and batteries
- ☐ Jug of drinking water
- ☐ First aid kit

## Cell Phone Ban for Drivers Enforced as of January 1, 2014

Illinois Governor Pat Quinn recently signed two new laws to make Illinois roads safer for all drivers. One law prohibits the use of all hand-held mobile devices while driving on Illinois roads. The other law increases penalties for drivers who cause an accident while using an electronic device, including possible prison time. The law makes exceptions for hands-free devices, including those with headsets. Illinois is the 12th state to ban the use of hand-held devices while driving.

## CERT Training

The Village of Glendale Heights will be holding another CERT class in April 2014. The course will meet every Tuesday night for eight weeks. The course is limited to 15 students, on a first-come, first-served basis. As a member of CERT, you will receive ongoing training and may be called upon in the event of a large-scale emergency or disaster that impacts the Village of Glendale Heights. Join your neighbors who have already taken advantage of this quality training program. All equipment and course instruction is provided free of charge. Dates for the CERT training that begins in April can be found in the March/April 2014 Newsletter.

## Winter Preparedness at Home

### Prepare your home for the winter by doing the following:

- Have your furnace cleaned and checked by a professional.
- If you have a wood-burning stove or fireplace, have your chimney professionally swept.
- Install a carbon monoxide detector on each floor of your home.
- Change the batteries in your smoke detectors.
- If you use space heaters, please inspect them carefully and only use them as recommended by the manufacturer.

### Outside the Home

- Will your home welcome winter visitors safely? Get ready for snow, ice or rain on sidewalks and driveways with a snow shovel, de-icing compound and waterproof floor mats.

### Inside the Home

Household emergency supplies should include enough food, water and supplies to last three days without power or help. Check your home emergency kit against this basic checklist:

- |  |  |  |                         |
|--|--|--|-------------------------|
| • 1 gallon of water per person per day (allow enough for 3 days) | • Food that doesn't require heating or refrigeration, such as canned meats, soups, cereal, and energy bars | • Pet food and additional water for pets | • Battery-powered clock |
| • Three-day supply of prescription medicines                     | • Manual can opener  | • Flashlights and batteries              | • Cellular phone        |
| • Blanket and cold-weather clothing for each family member       | • Paper plates, cups and plastic utensils  | • Battery-powered radio                  | • First-aid kit         |

## Carbon Monoxide: The Silent Killer

Although the use of carbon monoxide (CO) alarms has been growing in recent years, it cannot be assumed that everyone knows the hazards of carbon monoxide poisoning in the home.

Often called the silent killer, carbon monoxide is an invisible, odorless, colorless gas created when fuels (such as gasoline, wood, coal, natural gas, propane, oil, and methane) burn incompletely. In the home, heating and cooking equipment that burn fuel are potential sources of carbon monoxide. Vehicles or generators running in an attached garage can also produce dangerous levels of carbon monoxide.

The dangers of CO exposure depend on a number of variables, including the victim's health and activity level. Infants, pregnant women, and people with physical conditions that limit their body's ability to use oxygen (i.e. emphysema, asthma, heart disease) can be more severely affected by lower concentrations of CO than healthy adults would be. A person can be poisoned by a small amount of CO over a longer period of time or by a large amount of CO over a shorter amount of time. U.S. fire departments respond to an estimated 61,100 non-fire CO incidents a year in which carbon monoxide was found, or an average of seven such calls per hour. This number is most likely due to the increased use of CO detectors, which alert people to the presence of CO.

Follow the manufacturer's instructions for placement and mounting height. Choose a CO alarm that has the label of a recognized testing laboratory. Contact the **Glenside Fire Protection District at 630.668.5323** or the **Bloomington Fire Protection District at 630.894.8488**, if you have questions about smoke or CO detectors.

## Water Rate Increase

On January 1, 2014 a water rate increase will be implemented to all customers in an amount of .65¢ per thousand gallons. The actual increase to your Village water bill will be reflected on your March 1, 2014 bill for the usage period of mid January to mid February. The new water rates affect customers based on the amount of water consumed and will increase the average residential customer's bill by \$4.88 per month.

This change is a direct increase of the actual cost of water purchased by the Village from the DuPage Water Commission.

## Business License Renewal

The Office of Administrative Services reminds businesses that the deadline for renewing their annual Village Business License was Tuesday, December 31, 2013. Patrons can call the library or check its website for item availability. Patrons can also ask a librarian for recommendations.

### When does the library deliver?

Librarians will deliver the selected materials on a day and time that is convenient for the homebound patron. The homebound patron is required to be home at the time of the delivery.

### How long do you keep the items?

Most items may be kept for one month. DVDs and CDs may have shorter check out periods. Items may be kept longer if no one else is waiting for them.

### How do I sign up?

Patrons should call the adult reference desk at 630.260.1550 to sign up for this program. The website for Glenside Public Library is [www.glensidepld.org](http://www.glensidepld.org).
