Senior Citizen Utility Tax Rebate Program

Each year since 1995, the Senior Citizen Utility Tax Rebate Program has provided assistance to hundreds of qualifying Glendale Heights Seniors. This program provides a flat \$75 rebate of Municipal Utility Taxes paid in 2015 for electric, natural gas, telephone or cell phone bills. In order to qualify for a Utility rebate, participants must be age 65 or older on or before December 31, 2015, or have a spouse who is 65; been a resident of the Village of Glendale Heights (owner or renter) all of 2015; have a qualifying income of no more than \$40,000 as evidenced by your 2015 Federal Income Tax Return or other suitable documentation; and be able to show proof that the utilities are billed in your name. To apply, you can pick up an application at the Center for Senior Citizens or Village Hall, or

Letter from the Village President

300 Civic Center Plaza • Glendale Heights, IL 60139
630.909.5303 • ljackson@glendaleheights.org

Dear Residents,

Happy New Year to everyone! I hope you and your family had a wonderful holiday season!

With the start of the 2016 year, I would like to remind residents to stop by the Sports Hub and pick up a membership to our Fitness Center to get a head start on your New Year's Fitness Resolutions. The Sports Hub Fitness Center features a 13-piece Precor Strength Circuit, treadmills, ellipticals, bikes, Precor Adaptive Motion Trainer, Stairmaster Stepmill as well as a Concept II Rower. Free-weight area features TAG benches, bars, power racks, cable-crossover and over 5000 lbs of rubberized Olympic plates and dumbbells. Our knowledgeable staff are always willing to lend a hand if you need help with any of the machines and equipment. Included in an annual membership is access to the racquetball courts, basketball gyms and our newly renovated field house. The field house was recently fitted with new turf to provide a premiere surface for soccer and other indoor recreational activities. The walking track around the soccer field is also available for those cold days when you would rather walk, jog or run indoors.

There continues to be a lot of exciting activity as new businesses call Glendale Heights home and others choose to expand within the community. Over 50 new businesses opened in Glendale Heights in the past year, which included everything from small retail establishments to industrial facilities. The Village continues to strive to serve its existing businesses and encourage new businesses to come into Glendale Heights.

A special message to all of our dads: Don't forget to register early for the annual Daddy Daughter Dance held on Saturday, February 6th! This event does sell out quickly and there is often a waiting list. It's a great way to start making memories that will surely last a lifetime for you and your daughter! Also, don't forget to send in your Valentine's Day Cards by Monday, February 1st as we recognize National Salute to Hospitalized Veterans Month. Last year, our Valentines for Veterans collection brought in over 5,000 cards which were sent to various military personnel to thank them for their service. If you are submitting a Valentine's Day Card, please do not include any personal information and be sure it does not include any glitter. We also ask that you do not include the original envelope as we send them in bulk without the envelopes. This is a great program for any community group, scout troop, school project or even a friends and family activity!

With the new year, I want to take a moment and thank my fellow Village Board Members, appointed Executive Staff Members, Village staff and all of our dedicated volunteers for their efforts and commitment to continue our goal of being a Proud and Progressive Village! We would not be able to provide the residents of Glendale Heights with a wonderful place to live if weren't for everyone's dedication to this great community!

I hope everyone has a wonderful 2016!

Sincerely,

Linda Jackson, Village President

Glendale Heights Foundation

The Glendale Heights Foundation (GHF) is a non-profit organization incorporated in 2003 to provide limited one-time emergency financial assistance to Village residents. All assistance requests must be submitted in writing, including name, address, details about the emergency circumstances, and financial assistance requested. Also, a GHF form can be downloaded from the Village website at www.glendaleheights.org/GenInfo/organizations. Send requests to: Glendale Heights Foundation, P.O. Box 5280, Glendale Heights, IL 60139 or call Allana Zeiss at 630.668.9409. Tax deductible donations are always welcome and graciously accepted.

Winter Reminder

The Glendale Heights Police Department is asking residents to please check on their relatives and friends to assure they are not in need of assistance due to the extreme weather conditions. Glendale Heights has warming shelters in place and is ready to assist the needs of our residents. The Village also offers CodeRED, a free service, in which we will check on relatives and friends for you.

CodeRED allows the Police Department to communicate emergency situations, senior well-being checks, event reminders and other relevant information instantly via pre-recorded emergency telephone notifications to targeted areas or the entire Village at a rate of up to 60,000 calls per hour.

To sign up for CodeRED, visit www.glendaleheights.org, and click the CodeRED icon or call 630.260.6070. For any questions, please call Katie Pentecost at 630.909.5432 or email katie_pentecost@glendaleheights.org.

Christmas Sharing Thanks You

The Village of Glendale Heights would like to thank employees, residents, organizations and businesses for their generous support of the 2015 Christmas Sharing Program. Over one hundred families and 500 individuals were provided with grocery store gift certificates, food and holiday gifts.

The Christmas Sharing Committee acknowledges that the continued success of this program would not have been possible without the help of the community businesses, Village employees, scout troops, volunteers and the financial contributions received from the community.

School Districts 15 and 16 as well as the Glenside Public Library District teamed up for a non-perishable food and household item drive. St. Matthew's Religious Education and local scout troops offered time to sort, divide and package the items in boxes which were donated by a local area business. For more information about the Christmas Sharing Program, you may call Debbie McKenzie at 630.909.5351.

Fleets Division

As the snow season continues, the Fleets Division strives to continue a regiment of quality maintenance to assure that our snow fighting team has equipment in the best possible condition to keep the streets of Glendale Heights clean and safe for our residents and their guests.

As always, Fleets puts emphasis on keeping all the snow fighting equipment maintained & repaired as necessary to allow us to efficiently clear the streets of snow and ice. Fleets also focuses on the environmental impact as we strive to use the minimal amount of salt needed to keep the streets safe.

As we anxiously await warmer weather, the end of February will see the division begin to prepare all equipment necessary for the spring and summer activities.

How to Prevent Freezing Pipes

As the winter months wear on, it becomes important to remember to protect water and sewer systems that service the inside of your business or residence.

Freezing water pipes or drain pipes in a building are worse than inconvenient: often the frozen pipes burst, risking serious water damage and damage to your home. If you experience frozen or burst plumbing within your home or business, please call the Utilities Division at 630.260.6040.

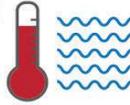

HERE ARE SOME TIPS TO KEEP YOUR PIPES RUNNING IN THE COLD.

01 TURN ON THE WATER FAUCET

If the water coming out of the faucet is lower in pressure than usual, it is likely to freeze.

02 LEAVE THE FAUCET ON

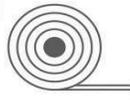

Water flowing with a higher temperature will help to warm the pipe.

03 INVESTIGATE THE FROZEN PIPE

Check the pipes for freezing possibilities, especially the ones that are running outside the house.

04 WRAP THE PIPE

Find a heating tape product, or just use the electric hair dryer or portable space heater.

05 HAVE OTHERS CHECK IF THE WATER IS FLOWING NORMALLY

06 CHECK OTHER FAUCETS ONCE AT A TIME

Thaw any frozen pipes you can access.

07 CONTACT A PROFESSIONAL PLUMBER

There might be some areas that are out of your reach.

Village Engineering

The Engineering Division in Public Works provides engineering support to other divisions in the Village as well as external professional services.

Over the winter the Engineering Division is focused on reviewing permits and plans, and preparing for next year's capital projects in the Village. Planning these projects out in the winter months will save time and money for the Village during the construction season.

The Engineering Division continues to develop more detailed permitting guidelines for utility companies as well as Engineering Standards for private and public developments. These standards should streamline and expedite the permitting process in the Village.

Staff also upheld all local, state and federal mandates, including storm water management compliance to new construction sites and ensured projects complied with Village Code.

Streets Division

The snow season is upon us and the Public Work's and Park's snow and ice control vehicles are prepared with snow removal equipment for the winter season. For any Snow and Ice concerns, please call the Village of Glendale Heights' Snow Command at 630.260.6068. For any road maintenance concerns or questions, please call 630.260.6040.

Water Pollution Control Facility

The onset of cold weather necessitates a change in operations at the Water Pollution Control Facility (WPCF). With slower biological activity, chlorine operations are no longer needed. Without chlorination activity at the Plant there is no need to de-chlorinate. This provides WPCF staff with the opportunity to perform preventative maintenance to various systems over the winter season.

The staff at WPCF clean valves, seals, gaskets and pipelines to the chlorination/de-chlorination systems and perform preventative maintenance in preparation for the spring and summer operational seasons. In addition, each of the 600 filters of the tertiary disc filter system will be removed for cleaning and gasket replacement.

Let's Keep our Kids Safe

As winter progresses, the Glendale Heights Police Department wants to remind drivers to drive with caution around schools during pick up and drop off times. Our children are our most important asset, and we want to keep them safe. In recognition of this, the Police Department conducts school safety zone enforcement throughout the Village. Our last campaign ended in November and resulted in 33 citations being issued for offenses including; disobeying a stop sign, being on a cell phone, not wearing a seat belt, not having children in child restraint systems and no insurance—all within the school zones during drop off and pick up times. The police department will continue to conduct this type of enforcement periodically during the school year. To report unsafe drivers please dial 911 or contact the Police Department at 630.260.6070.

Let's keep our children safe! Please don't drive distracted, and watch for children and our crossing guards.

Illinois Secretary of State Office Suspends Mailing Vehicle Registration Renewal Reminders

Illinois Secretary of State Jesse White recently announced that his office is suspending mailing vehicle registration renewal reminders to the public due to the lack of a state budget. Those who want to continue receiving a reminder must sign up to receive electronic reminder notices.

This measure is expected to save the Illinois Secretary of State's Office approximately \$450,000 per month. This practice is expected to continue at least until a state budget is approved.

Residents who receive vehicle registration renewal notices via email will continue to have access to a pin number needed to renew their sticker online. Those who do not sign up for the electronic alerts will have to renew their vehicle stickers in person at a Secretary of State office.

To sign up for electronic alerts, visit:
www.cyberdriveillinois.com.

Next CERT Training Begins March 17

The Village of Glendale Heights established a CERT Team in 2009. In 2015, through an Intergovernmental Agreement, Glendale Heights CERT partnered with Milton Township CERT. Milton Township has created a number of similar partnerships with other municipalities throughout DuPage County in a collaborative effort to unite volunteers and offer high level training. CERT prepares residents to help themselves and their neighbors in the event of a disaster. Trained CERT volunteers have the skills to help emergency responders save lives and protect property. Residents wishing to become a member of Glendale Heights CERT can do so by completing the 21 hour seven-session CERT training now held at the College of DuPage Homeland Security Education Center. All equipment and course instruction is provided free of charge. For a course application, please visit the Milton Township CERT Team page at <http://twp.milton.il.us/citizencorp.html> and then click the "CERT Application Form."

For more information, please contact the Emergency Management Coordinator, Michael Heimbecker, at 630.909.5485 or michael_heimbecker@glendaleheights.org.

Driving and Cell Phone Use Ban

Remember all drivers...

USE OF HANDHELD CELL PHONES WHILE DRIVING ON ILLINOIS ROADS IS ILLEGAL AND DANGEROUS.

Should you need additional information or clarification regarding this law, please contact the Glendale Heights Police Department non-emergency phone at 630.260.6070.

Tips for Driving in the Snow

Driving during winter weather conditions is sometimes hazardous at best. The Glendale Heights Police Department would like to provide the following tips to drivers during the winter months:

Maintain Traction—Start and stop gradually to avoid losing traction in wet or slippery conditions. Drive at steady speeds, avoid sudden starts or stops. Accelerate slightly when approaching a hill, and then maintain steady speed going up. Gearing down ahead of downgrades can help avoid brake wear and the chance of sliding.

Skids—Driving sensibly and steadily will avoid most skids. Anticipating turns or lane changes will help. If your vehicle begins to skid, remove your foot from the accelerator or brake and steer in the direction of the skid. When the vehicle steadies itself, turn the wheel straight and proceed.

Braking—Be gentle with braking pressure during slippery road conditions. Gentle pumping action on disc brakes will avoid locking the wheels and sending the vehicle into a skid or spin. Anti-lock braking systems provide this action for you. (DO NOT PUMP ANTI-LOCK BRAKES.) Avoid braking on curves by driving through them at a safe steady speed. Gear down for both uphill and downhill travel.

ADVICE FOR WINTER DRIVING

- SLOW DOWN in winter conditions
- Use headlights in bad weather
- Don't use cruise control in slippery conditions
- Remove ice and snow from windows, mirrors and vehicle lights
- Always wear your seatbelt
- Leave extra space between your vehicle and the one ahead of you
- When possible, avoid driving in bad weather conditions

It's time to get serious about roadway safety in Illinois

According to the National Highway Transportation Safety Administration (NHTSA), about 800,000 drivers are still using hand-held devices while driving. That's slightly more than the combined population of five of the six largest cities in Illinois – Aurora, Rockford, Joliet, Naperville and Springfield.

Now imagine every man, woman and child in those cities talking, texting or surfing the Web on their cell phones – all at the same time – all while operating their vehicles.

More than 3,300 fatalities – about 10% of all traffic deaths nationally – occur as a result of distracted driving, according to the NHTSA.

In Illinois, nearly 6,000 crashes occurred from 2008 to 2012 in which some form of driver distraction involving a hand-held device was cited by police, according to the Illinois Department of Transportation. Of those, 30 were fatal.

These are preventable tragedies!

In an effort to reduce the number of crashes caused by distracted driving, the Illinois Tollway, Illinois Department of Transportation, Illinois State Police, Illinois Secretary of State and AAA are working together on a statewide campaign to educate drivers about the hand-held device ban that took effect January 1, 2014.

The new state law prohibits motorists from utilizing hand-held devices while driving. In addition, the new law imposes fines starting at \$75 for drivers caught using hand-held devices while driving. Drivers could pay \$150 for repeat offenses and may eventually have their driver's licenses suspended.

In addition, the new law imposes stricter penalties following crashes in which hand-held devices were being used at the time of collision. A crash causing great bodily harm can earn a driver up to one year in prison and a fatal crash can result in a prison sentence of up to three years.

The only way to slow down the growing epidemic of distracted driving is by everyone doing their part to make Illinois roads safer. Drivers need to remember that if they drive with any hand-held device in one hand, they can expect a ticket in the other.

Please visit www.dropitanddriveilinois.com to learn more about how you can participate in the campaign.

Holiday Lights Recycling Program

Through a program offered by Elgin Recycling (www.elginrecycling.com), the Village of Glendale Heights is collecting broken lights through April 2016. Lights can be dropped off at the Public Works Garage located at 1635 Glen Ellyn Road on weekdays from 7:30 am to 3:00 pm. Lights accepted for recycling include all colors and lengths of mini-lights (or Italian lights), C7 lights, C9 lights, rope lights, LED lights and extension cords.

As a reminder, per Village Code Title 11, Chapter 6-4, H, "Christmas decorations may be displayed until April 1."
