Letter from the Village President

300 Civic Center Plaza • Glendale Heights, IL 60139

630.909.5303 • ljackson@glendaleheights.org

Dear Residents,

"Guten Tag" and hello as we bring in the fall season and look forward to our many fall events including Oktoberfest, the Show & Shine Car Show, Harvest Fest and many others! With the end of the summer season, we are as busy as ever with events and programs for all generations. Between our very popular PATH Afterschool program and Preschool, to our Center for Senior Citizens celebrating 8 years in our community, we pride ourselves on being a "Proud and Progressive Village for All People"!

Join us on Tuesday, September 11th as we remember those who lost their lives from those tragic events of 9/11. As we hold this solemn ceremony, I always look out at the many young faces, and I realize that by holding this ceremony, we will always keep those memories of our loved ones alive who tragically perished on that day. I hope you will join us and most importantly "never forget".

As the fall season moves along, we will be celebrating Oktoberfest from September 13th through 23rd at Camera Park with great food, music, classic German bier and most importantly great laughs and spending time with friends and family! Before heading over to Oktoberfest on Sunday, September 16th at Camera Park, we will also be revving our engines for the Glendale Heights Show & Shine Car Show and Community Garage Sale. Stroll through bargains at our Garage Sale and then check out some classic cars all on your way to Oktoberfest. To close out the month of September, join us at Heritage Park on Saturday, September 29th for a full day's worth of events starting with the Glendale Heights Fishing Derby followed by Harvest Fest! In October, we will start out with the Family Health and Safety Fair where adults 18 and over can get their yearly flu shot while checking out an array of community vendors. The rest of October will be spent celebrating the spooky season with ghostly events including Hallow-Tween and Safety Town Halloween.

Throughout my time serving the residents of Glendale Heights, one of the most important lessons I have learned is communication is key with the Glendale Heights community. From our monthly Coffees with the Mayor and Board to our Park Parties, I do my best to ensure our entire Village Board is available to listen to you. Social media has been a major asset to informing the community and our residents of any important news updates, major announcements, events and more. It has been a great way to communicate with our residents and for you to communicate with us. Social media is a powerful tool and I encourage you to reach out to us first before clicking that "post" button. At the Village, we want to be able to help you, and I encourage you to contact the appropriate department to try and resolve any and all of your concerns or let us know of any positive interactions you've had with our staff. If you are not sure which department to reach out to, please feel free to email our Public Relations Division at public_relations@glendaleheights.org and they will get you in touch with the appropriate staff members.

I recently had the pleasure of meeting 20 new teachers from Queen Bee School District 16 who are eager to learn what the Glendale Heights community has to offer. It reminded me that these teachers chose Glendale Heights to work with our youth and our community. We are always here to serve you and make sure the community strives for a better tomorrow! Enjoy the fall season and I look forward to seeing you soon!

Sincerely,

Linda Jackson
Village President

5 Tips for Golfing in the COLD

1. Walk Instead of Ride! You will stay warmer and stay loose.
2. Keep Your Hands Warm. Consider purchasing golf gloves for both hands.
3. Keep your golf ball warm by leaving it in your pocket in between holes. A warm golf ball will actually drive farther in colder weather!
4. Layer your clothing. Wear more thin layers so you can swing and shed if you need.
5. Have realistic golf expectations. Don't expect your score to be the same as it is on a nice summer day. Conditions and temperatures will affect your swing and score.

National Fallen Firefighters Chicagoland Memorial Golf Tournament

Friday, September 7
Glendale Lakes Golf Club

The Chicagoland Memorial Golf Tournament benefiting the National Fallen Firefighters Foundation has raised over \$220,000 going into its 10th year.

The tournament proceeds benefit the families of fallen firefighters in Illinois and across the United States.

Registration and raffle tickets are available at the Glenside Fire Station at 1608 Bloomingdale Road or contact them at 630.668.5323.

Keep Yard Waste Off the Streets

At this time of year, leaves are changing colors and falling to the ground. As leaves fall, they have a tendency to fall into your gutters and possibly clog them up. Keeping your gutters and downspouts clear of leaf debris is an important way to get water away from your roof and the foundation of your home.

The curbs and gutters of the streets of Glendale Heights can be clogged just like the gutters of your house. Clogged gutters can lead to street flooding with our typical fall rains. That's one of many good reasons to properly collect and dispose of your fall waste, and to not let them blow into the streets. Another reason is that leaves that go into the road drains go directly into rivers where the nutrients in leaves will feed unwanted algae growth next summer. This algae decomposes at the bottom of lakes and uses up oxygen that fish and native plants need. So please help our rivers, creeks, and streams, and bag up those leaves!

Fleets Division Update

During this time of year, the Fleets Division is servicing and making repairs to all equipment used by various divisions for seasonal activities such as road paving and maintenance of the many parks within the Village. This past summer, the Fleets Division prepared equipment used by the Parks Division for use during Glendale Heights Fest. Recently, the Village has purchased 2 new Police squad cars, 1 new backhoe, and various Parks/Grounds equipment and have prepared them for use.

In-House Street Sweeping

The In-House Street Sweeping program begins on a weekly basis for all Sweeping Zones starting Monday, October 1st through the month of November, weather permitting. The Village street sweeper will be aided by supplemental contracted sweepers to complete all zones each week. There are color coded "No-Parking" signs in each zone to indicate the day that the parking restrictions are in effect. Please remove all vehicles from the roadway on the Sweeping Zones designated day of the week between 8:00 am and 4:00 pm. This will aid the Village in efficiently street sweeping each of the zones. For more information on the Street Sweeping program, please visit www.glendaleheights.org or call 630.260.6040.

Improvements to the Water Pollution Control Facility

The Water Pollution Control Facility is in the process of rebuilding the Facilities' Influent Screens. They are the first part of the Plant's process. The screens remove large rags, sticks, concrete, rocks, bottles & cans that would do damage to the pumps and other equipment in the facility. Screenings are placed into an auger press, squeezing out excess water and organic matter from the debris, and then placed into plastic wrapping and disposed of in a dumpster, then taken to the landfill for disposal.

Is it Flushable?

Protecting the Village's collection and treatment works from sanitary sewer overflows (SSOs) and blockages has become more difficult over the last few years. Many products on the market today claim to be sewer or septic safe and flushable. However, evidence has proven that many of these products can clog lift station pumps causing damage and unwanted costs in maintenance repairs. In fact, several utilities have proven that such claims of being "sewer and septic safe" are unfounded.

Additionally, fats, oil and grease cause many problems in sanitary sewer lines. Fats, oil and grease collect on the sides of pipes, and bacteria that feed on fats, oil and grease produce corrosive acids and gas that will damage pipes and manholes. Sewer blockages that result can overflow onto streets and property, disrupting residential, commercial, and industrial operations, and carry the potential for health risks. The cost of increased maintenance and replacement of sewer lines is high, as well as the potential impacts to the environment.

Please avoid flushing items that claim to be flushable as well as flushing or dumping fats, oil and grease into your sanitary sewer. By disposing of the items in a trash receptacle, you can help water and sewer utilities reduce their annual maintenance costs as well as prevent sanitary sewer overflows.

Request a Speed Traffic Trailer

If you live in Glendale Heights and feel that you have a problem with speeding vehicles in your neighborhood, you are encouraged to request the trailer to be scheduled in your area by calling Sergeant Dziedzic at 630.260.6070.

The Glendale Heights Police Department uses the speed traffic trailer to assist in combating speeding vehicles and to remind drivers to watch their speed. The trailer helps promote speed limit compliance in:

- Neighborhoods
- School zones
- Construction sites
- High caution areas

The trailer is a portable, self-contained speed display unit that is towed to the desired location. It is left on the roadway to display speeds of oncoming vehicles on a highly visible LED (light emitting diode) display.

A speed limit sign mounted on the unit reminds drivers what the actual speed limit is on the roadway that they are on. The unit also has the capability of recording the speeds of the vehicles for traffic studies.

Police Officer Testing

Safety Town Halloween

Wednesday, October 31 • 4:00 pm - 7:00 pm
Safety Town • 16 years old and younger

The Glendale Heights Police Department encourages children to trick-or-treat down the streets of Safety Town this Halloween! There will be friendly ghosts and goblins, fairies and witches, and other characters to treat each child. Make sure to pass through the Safety Town Schoolhouse for a spooky trick! Children should bring a container or bag to collect candy. The police department is accepting candy or monetary donations for this event, which may be dropped off at the police department any time before Halloween. Should you have any questions, please call Community Outreach Specialist Tanya Macko at 630.909.5459.

- 1 Stay well lit.**
Apply reflective tape to your child's costume, carry a flashlight or a glow stick. Keep your path lit and ensure you're seen by drivers on the road.
- 2 Pick your masks carefully.**
Sometimes, masks only have the smallest slits for the eyes and breathing holes. Don't hesitate to cut out larger openings for your trick-or-treater's comfort.
- 3 Wear comfy shoes.**
When walking a great deal, comfy shoes are a must! Any and all shoelaces should be double-knotted to ensure that nobody trips in the dark!
- 4 Pick a practical treat bag.**
A good solution is for kids to use a pillowcase that they can sling over their shoulder, or a backpack that keeps hands free to use a flashlight.
- 5 Plan a route in advance.**
Halloween is exciting, but kids aren't as fun when they're tired and cranky! Be sure to map out a route before you take off.
- 6 Walk. Don't run.**
Keep everybody safe by taking your time, looking both ways before you cross the street and avoiding contact with other trick-or-treaters.
- 7 Check your child's candy.**
Dispose of any candy that is not in its original wrapper, or looks as though it has been opened.
